A little bit about Jango...

Jango is a sweet girl who came to the centre via an inspector after her needs were not getting met. Sadly she was in a pretty poor state when she was taken into RSPCA care. Jango has had the veterinary treatment needed and is now ready to start her search of a forever home where she will be loved and cherished. Jango is a super friendly little lady who is always keen to say hello to people, she loves nothing more than sitting on the sofa and having lots of snuggles with you. Jango likes her little walks and walks well on the lead, she does not need much exercise, much preferring a couple of smaller walks through out the day. She would love to snuggle up on the sofa with her new family getting all the much deserved TLC. Jango does require a special diet as she has very early stage kidney disease, this at the moment is controlled by diet only and has no need for any further medications. Jango really is such a fantastic little dog who has so much love to offer her new family. Jango has lived with other dogs and can share her home with another compatible dog of similar age, she gets a little worried with the younger bouncy dogs so she would prefer an older quieter dog if she was to share her home with another dog. She is suitable to live with children aged 10 years and over.

My personality...

I walk nicely on a lead

I can be left alone for short periods

I could live with children of secondary school age

I'm young at heart

I may be able to live with another dog

I love fuss and attention
