A little bit about Judson...

Judson is a sweet boy who came to the centre as an unclaimed stray. Sadly he was in a terrible state when he first arrived, he was emaciated, his coat was matted and he was so withdrawn. After lots of TLC and good food Judson has made a steady recovery and is now ready to start his search of a forever home. Judson's life on the streets has left him a little untrusting with people when he firsts meets them, but he slowly comes round and once you have gained his trust he really is a very lovely boy. Sudden movements and noises can frighten him so we are looking for a quiet and patient adopter who will give him the time he needs to settle in to a home environment. He will need a family who have a spare room for him to begin with, just until he gets his confidence. Judson has improved so much since he first arrived here at the centre, he is now a happy, healthy and loving boy. He will need a home where he is the only cat in an adult only home.
